OSAKA, JAPAN

=General Dealing Items =

Best Quality & Excellent Service

Hot & Recommended Products

High performance locking nut system

E-Lock and IDA Ring are effective on vibration situation such as pumps, roads, vehicles, high buildings, bridges and others. These items prevent unfasten problem.

*Good bye
Unfasten problem!*

Brand : E-Lock, U-Lock, Hard Lock

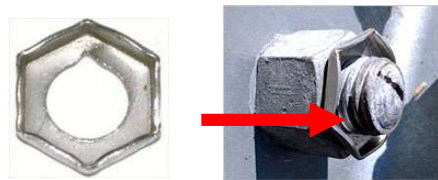

Material : Steel, Stainless Steel

Vibration test 30,000 times clear!

Brand : IDA Ring

Material : Steel, Stainless Steel

Easy to install!
Just set IDA RING to existing places

Automatic Control System Equipments

Brand : TOHO SEISAKUSHO

TOHO SEISAKUSHO produce various control system equipment.

Valves and Dampers : Control valve, Solenoid Valve, Electric valve, Damper

Positioner and Transmitter : Electric positioner, Balancing relay, R-I transmitter

Switch : Level Switch, Flow relay, Pressure switch

Engine control unit : Electric governor, Digital governor controller

Combustion control device : Ignition torch, Flame detector and relay

Control panel and distribution board : Air-conditioning control panel, Power control panel

Solenoid equipment : Valve, Controller, Stator Solenoid

Others : Control motor, Flow relay, Motor valve, Float switch

Kocker(Vibrator)

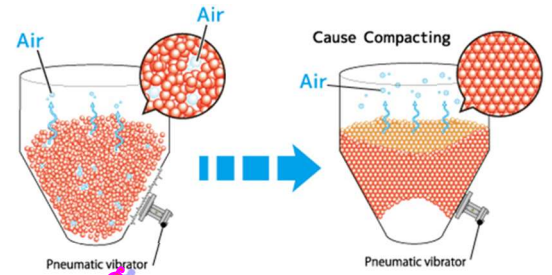

Brand : **EXEN**

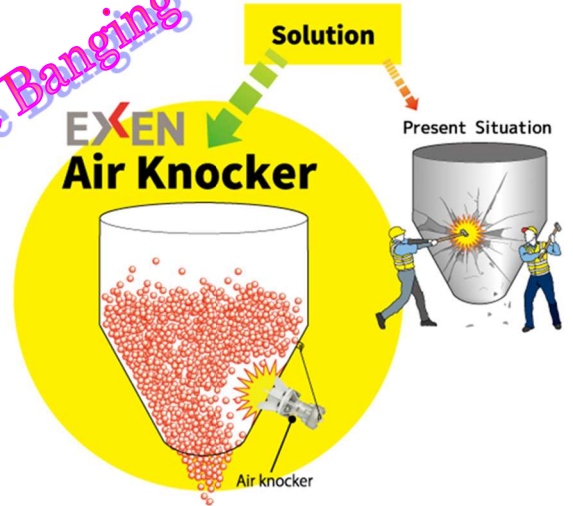

EXEN knockers can solve material flow problem.

Used for

- Tank of rice, flour, wheat or other powder material
- Pipe lines of powder, high viscosity fluid

No more Banging

Speed Reducer, Gear Box and Screw Jack

Brand : **MAKISHINKO**

Support wide variety of industrial and application by reliable and durable gear technology.

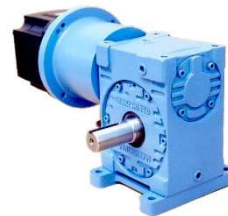

Worm Speed Reducer

Screw Jack

Gear Box

Worm Speed Reducer with servo motor

Precision planetary Speed Reducer

High Performance Non Asbestos Metal Jacket Gasket

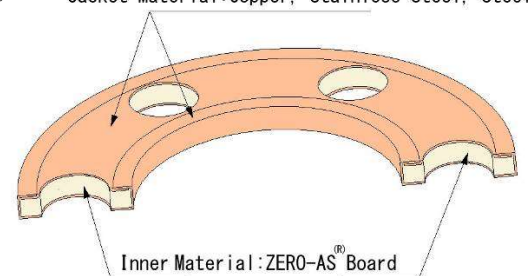

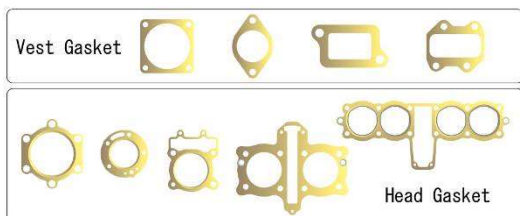

Brand : **NAPI**

Working Temp. 800°C OK!!

Solve leakage problem from gasket under severe conditions.

- Engine Head (Vessels, Cogeneration system and others)
- Exhaust pipe line (Vessels, power plants, vehicles)

Jacket Material: Copper, Stainless Steel, Steel

Special "Zero" asbestos material

New Deodorant method Air-Cleaning Wallcovering

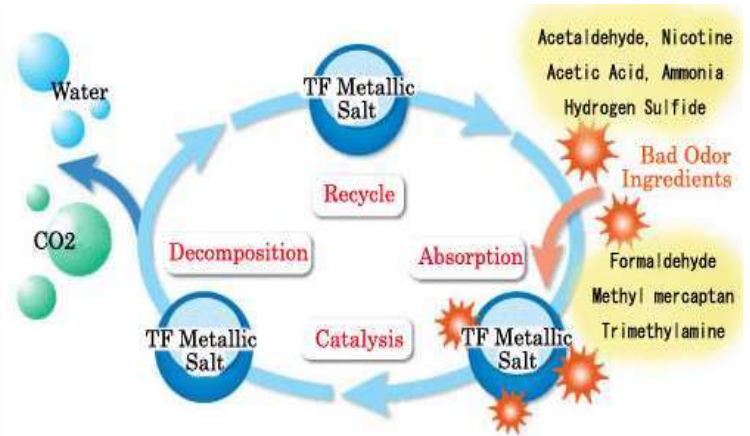

Brand : *TF-V*  トリプルフレッシュ。

Decompose bad odor by catalyst semi-permanently.

-Cigarette odor, human odor, pet odor

Don't need energy

- For houses, hotels, hospitals, vessel cabins, office rooms and other place where you want to deodorant.

*Keep room
No smell!*

Top Quality Heat Insulation Paint GAINA and DAN-NETSU KUN

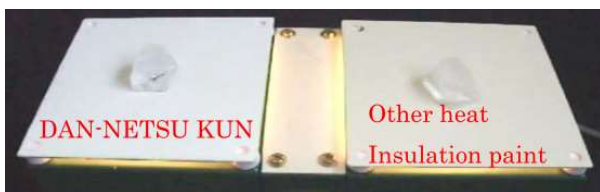

Brand : *GAINA, DAN-NETSU KUN*

GAINA and DAN-NETSU KUN are special heat insulation paint. Contained special ceramic beads and resin reflect thermal energy (both hot and cold).

- For roof of factory, dock yard, warehouse,
- For vessel deck, fuel tanker
- For inside/outside wall of building
- For inside wall of fridge cargo
- others

*Obvious
Difference!*

(Ice Cube Comparing Test)

Cargo vessel

LNG Vessel

Factory roof

Refrigerated warehouse inside and outside wall

General Industrial Field products

Expansion Joint, Bellows and Flexible tubes (Stainless, Titanium)

- Absorb vibration of fan system or Solve deviation of pipe lines

Brand : ZENSHIN, SB (AICHI), DAIDO

Level sensor, Level switch, Float switch

Brand : Nohken, Yamamoto, KEYENCE

Regulator, Flashback Arrester, Hose,

Cutting Nozzle & Torch for Acetylene, Propane, Ethylene, LNG and Oxygen

Brand : TANAKA, CHIYODA

High Quality Welding Rod

Brand : KOBELCO

For Various Metal

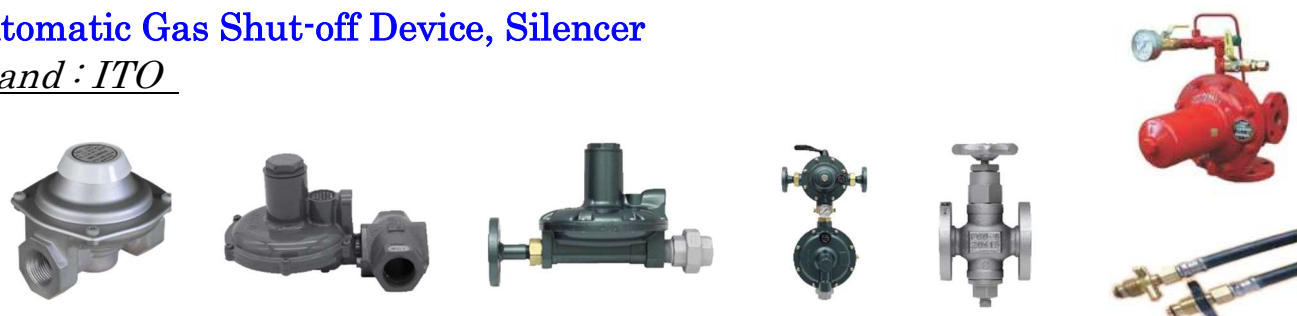

Brand : ESLON

For PVC

Governor unit, Regulator, Generator, Relief valve, Automatic Gas Shut-off Device, Silencer

Brand : ITO

Pressure Gauge & Micromanometer

Brand : MIGISHITA, NAGANO, MATSUBA, HYODA

Thermometer

Brand : DAINICHI, NAGANO, HYODA, YAMAMOTO

For Marine

Flow meter

Brand : Nippon Flow Cell, OVAL, SHOWA KIKI

O Ring and Oil Seal

Brand : JASI, NOK

Material : NBR, EPDM, FKM, HNBR, SBR, VMQ

Special Material : CR, IIR, ACM, FFKM

Standard: P, G, V, S, Ss, KS, GM, VS, AS568, AN6227/6230

Various type Gasket and Grand packing

Brand : TOMBO (Nichias), PILLAR, VALQUA

- PTFE, Non-asbestos, Graphite, Metal, Rubber, Spiral wounded type,

Hanging Tool

Brand : NANIWA, TAIYO

Easy to use & Safety

Multi Eye Bolt

Move
180°
Rotate
360°

High Performance Industrial Vacuum Cleaner

Brand : SANRITU

Can use wet/dry condition.

SANRITSU vacuum cleaners are used in various factories, clean rooms, vessels.

Air Type and Electric Type(100-200V)

SANRISTU Special plastic filter

- Filtering 99.9%(at 2 micro meter)
- Long life & Washable
- Less Filter clogging

Powerful Cleaner

Heavy Load Bolt, Nut, Spring Washer

Standard : 10.9, 12.9, Stainless Steel Size : M3 to M76

Hex Bolt, Socket Cap Bolt, (Full Thread and Half Thread)

5 way valve for filtration equipment

Brand : YM

Can user for

- Sea water, Waster water, corrosive liquids

Connection : JIS 10K Flanged

Automation System

Interfacing Component Devices

Brand : M System

Signal Conditioners

Power Transducers

Recorders

Data Loggers

Position Sensors

Components products for automation machines

Brand : CKD, SMC

Pneumatic cylinders

Speed Control Valves

Controllers & Sensors

Roller Gear Cum Units

Directional Control Valves

Solenoid Valves

Explosion Proof Valves

Lubrication Equipment

Various Motors and Gear Heads

Brand : Nissei, Oriental, Mitsubishi and others

Gear motor

IPM Gear Motor

Reducer

Reversible motor

Stepper motor

We can also provide other various Japanese products. Please feel free to contact us!
